To the Honorable, the City Council:

In response to Awaiting Report Item No. 49 regarding the flooding of sewers on Linnaean Street, Commissioner Sommers reports that in 1980, the old combined system on Linnaean Street was separated. In view of the fact that the Council Order lacks specifics on the actual problem such as catch basin overflow, basement flooding, blocked sewers, etc., he suggests that a meeting be set up with the complaining residents to discuss the problem. He and appropriate D.P.W. personnel will be available to meet on Linnaean Street at a convenient time.

Very truly yours,

Robert W. Healy
City Manager
