Dear Colleagues:

As a long standing supporter of the development of a permanent new facility for a West Cambridge Youth Center I encourage you to support the feasibility study requested by the New West Cambridge Youth Center. Adopting the order to direct the City Manager to have such a study conducted will be an important step in moving this already lengthy process forward.

The young people in West Cambridge deserve the same access to our youth center programs as is currently available to their peers in other areas of our city. I will continue to work with you and the New West Cambridge Youth Center Committee members in any way necessary until a site is secured and a facility is developed.

Thank you for your consideration.

Sincerely,
