The 808 Community Center is the product of a cooperative effort of the developer and the local community. It was created to service the needs and interests of the 808 residents. Plans for the space include day care, after school and teen programs as well as adult activities and general community use. But more about plans another time - now, come and enjoy!

Monday, February 2nd

THE LITTLE ORCHESTRA - Under the direction of Joel Gelpe, the group will serve you a smorgasbord of selections ranging from Hayden to Joplin. Our cafe-styled night at 808 will include pastries and coffee.

Tuesday, February 3rd

JOY OF MOVEMENT CENTER - Will present selected members of their dance faculty in a demonstration and performance of their broad repertoire which includes tap, mime, ballet, jazz and ethnic dancing. Here is a great opportunity to become involved in their extensive dance program.

Wednesday, February 4th

PLANT CLINIC - Help out your sick plants by bringing them with you to a lecture/demonstration and consultation on plant care. The "plant doctor" is an expert full of helpful hints and good ideas.

Thursday, February 5th

M.I.T. GOSPEL CHOIR - Come join this enthusiastic group of Gospel singers as they fill the room with their joyful sounds. The teen center will supply the refreshments.

Friday, February 6th

Art Opening - An exhibition of photographs entitled "Form from Nature" by Peter Stevens on loan from Harvard University will be on display for the entire month of February in the lobby of "B" building. Join our cheese and wine opening - a chance to preview the show and meet the artist.
