

OFFICE OF THE

Cary Improvement Company,

WILLIAM PRATT, Treasurer.

No. 103 STATE STREET,

P. O. Box 3292.

BOSTON, Jan'y 27th 1879

Geo L Leade Esq
Dr Sir

I learn by

the Cambridge Press that some of our
Bricks were not burned hard enough
to stand the extreme weather we have had.

We will furnish all the bricks required
to replace damages in the Spring, - free
of cost. I find that we have got to turn
our bricks harder - and also we have
arranged to put in land the coming ^{Season} ~~year~~.

I hope you will stand by us - and not
let the People make ~~us~~ them appear
worse than they are.

Yours Respectfully

D. B. Reick
Supt. Cary Brick Co.
