

To members of Cambridge City Council

October 10, 1971

This past Spring, I completed an extensive research project dealing with the solid waste disposal problems and methods of the city of Cambridge. I talked with some of you, and to those, I would sincerely like to thank you for all of your help.

I urge all of you to read this paper (disregarding the errors: typing, ...) as I feel it will give you some idea on the workings of your govt as seen from an "outsider". All of the information acquired is documented; if you have any questions please just contact me by writing or phone.

If I can be of any help, please get in touch with me. I'd be glad to talk to you about questions, ... Otherwise, thank you very much - I only hope that this can be of some help to you!

Good luck!

Sincerely,

Carrie Miller
