To the Honorable, the City Council:

With respect to Awaiting Report Item No. 3 regarding the telephone communication systems in City Hall, please be advised that since December of 1977 an employer service representative of New England Telephone Company has been conducting an in-depth survey of the communications system in all of the City buildings and departments. Therefore, before converting to the system suggested in the City Council Order of February 27, 1978, I am awaiting the results and recommendations of this survey.

Very truly yours,

James L. Sullivan
