

~~12~~ Otis Street,
East Cambridge, ^{MA}
October 14, 1980

I would like to thank
the Just-A-Start program
for work done on my house.
Under the able supervision
of Mr. George Vendetti, the young
crew did an excellent job. Professionals
could not have done better.

The workers were respectful, never
seemed to complain, and before
leaving for the day sunset and
cleaned up whatever area they
had worked in.

A special thanks to Mr. Perry
and Mr. Sleeper for their help.

Unforeseen events had made it
impossible for me to have any
work done on the house, but thanks
to your programs, the impossible
has become a reality.

Again my thanks to all
who helped, and this comes
straight from my heart.

Mrs. Florence Morris
