To the Honorable Board of Mayor and Aldermen of the City of Cambridge.

The undersigned respectfully represents that by his petition to this Board in July 1870 he stated a claim against the City for damages to him consequent upon the widening of Bridge Street, and that in October 1870 the Committee on Roads and Bridges made a report thereon and by the acceptance of this report the matter was postponed to be further considered when the assessment for betterments on said street should be made, but such assessment was made in the year 1872 and no consideration or allowance was made to him on account of his said claim.

Wherefore he prays that said petition and report and any other paper relating to the matter may be brought forward and further considered, that he may be heard thereon by the Board or some Committee and that said claim may be paid.
