A public hearing has been scheduled for Phase IV Sewer Construction on Tuesday, July 5, 1977, at 7:00 PM in the City Council Chambers.

This public hearing is required under the new Environmental Protection Agency Law for grants and aid for sewer construction. On behalf of the City I am making application for an additional 1.9 million dollars for Federal aid for construction of the sewers.

A copy of the plan of the proposed work is on file with the City Clerk. Would you please notify the City Council and any other appropriate individual that may be involved.

cc: Joseph Connarton.
