

ESTIMATOR

November 2, 1977

Dear Sir:

I parked my car in the Line Street Parking Lot as I always do at about 8:20 a.m. It is a 1976 Pontiac Astre Wagon (cream color), license number D12-507, where city construction has been going on.

At 4:30 p.m. I left work, proceeded to my car and noticed that it was not parked like I left it. I looked around the car and saw that the right front fender had allegedly been hit and there was orange paint all over it, and it had been moved about three feet sideways. You could see the tire mark. There is no way that a car could have driven or parked on my right side.

I went back into the hospital to seek Mr. Harry Fleming, the both of us went out to the car and he also inspected the situation.

Enclosed please find a copy of the estimate of repair costs.

Respectfully submitted,

Madeline M. Stone
