To the Honorable, the City Council:

In response to Awaiting Report No. 39 regarding the removal of snow and ice from sidewalks, the Public Works Department established a hot-line this year for reports of violations of the snow removal ordinance. Due to the mild winter we experienced, the hot-line was rarely used.

When a violation is reported to the Public Works Department, an inspector is sent to view the site and to notify the owner that the sidewalk must be cleared. If the snow or ice is not removed within 24 hours, the Police are contacted. No formal complaints were filed this year.

Very truly yours,

Robert W. Healy  
City Manager
