Re: Council Order #98 - September 11, 1995

Date: November 1, 1995

Significant improvements to Fresh Pond Parkway, owned by the MDC, have been funded through the State Transportation Improvement Program. The Parkway improvements will extend from Huron Avenue to the rotary near the Ground Round restaurant. In addition, the City allocated \$200,000 for design costs associated with the project. Plans will be finished and the project will be bid by the Massachusetts Highway Department by the end of September of 1996.

A designer selection committee, chaired by the Deputy City Manager, is beginning the process of selecting a consultant who will design improvements including new sidewalks, bicycle paths, landscaping, lighting and crossing for pedestrians and bicyclists. As part of this project, the consultant will also look at traffic issues relating to the roadway and intersections. Once the consultant begins the design process, the public will be actively involved and the City welcomes anyone interested to actively participate in the design review process.

To The Honorable, The City Council:

Please find attached a response to Awaiting Report Item No. 35, regarding an outline of the progress of the siting of walkways on Alewife Brook Parkway, received from Assistant City Manager for Community Development Susan Schlesinger.

With reference to extending the green light time at the intersection of Huron Avenue and Fresh Pond Parkway, Deputy Traffic Director Lauren Preston is working with the MDC to have the walk cycle increased during peak hours.

Very truly yours,

Robert W. Healy
City Manager
