Cambridge City Council
City Hall
Cambridge, MA

Dear Councillors;

On behalf of the concerned citizens of the Linden Park Homeowners Trust, Wellington-Harrington Neighborhood Association, South Side Neighbors, and the Harrington School Parents Association I am requesting a public hearing on October 3rd, 1988 on the issue of the 1500 car commercial garage being built on Binney Street in East Cambridge. Our issues are as follows:

1. Although the City Manager received citizen names for an advisory committee to the License Commissions on August 1st, he has not acted to chose or call together that committee to date despite numerous requests.

2. Meetings have been held with the traffic consultants, developers and city officials without citizen participation.

3. The City of Cambridge was not in compliance with the Clean Air Act of 1973 at the time Mr. Teso granted permission for this commerical parking facility according to a letter from the Department of Environmental Quality Engineering dated September 20th, 1988. Therefore Mr. Teso did not have legal authorization and the building permit should be revoked.

4. The citizens of East Cambridge are outraged that the City of Cambridge actively and surreptitiously encourages the development of a 1500 car garage that endangers the health, safety, and security of our families.

At the License Commission hearing July 12th 1988 you were all appalled that the neighborhoods were given no voice and urged the Commission to do their duty. We ask that you now do your duty and give us a voice.

Respectfully,

Debra McManus
