Mr. Joseph D. Fernandez
Director, Bilingual Education

Dear Mr. Fernandez:

It is always a privilege and honour to share personal feelings regarding professional excellence.

The Cambridge Bilingual Office is most fortunate to have back from maternity leave Catarina Ribeiro and Marie Bernard--two very hard-working individuals who make our office a more pleasant and professional atmosphere. WELCOME BACK LADIES!

Both Marie and Catarina have been a tremendous help to me and to the diverse needs of my office. I, therefore, have nothing but the highest praise for their never-ending positive attitudes and professionalism.

In the same breath, I equally wish to thank Celine Raphael and Rosa Arcos for their ambition and continual will to help. Celine has been a tremendous asset to this office both through her work at the resource room and her willingness to help in organizing testing materials. Her various duties are always done efficiently, professionally and with exceptionally positive personality.

Rosa Arcos is equally recognized for her professional attitude, dynamic personality and willingness to work hard at the Bilingual Office and the Cambridge School Department's high expectancy goals.

It is never too early and never too late to take the time to thank deserving people for their quality work and efforts. The time is always now for, often, tomorrow never comes.... As professionals, it is our obligation to render credit where credit is due (and, that can never be too few times). Interpersonal relationships are a paramount issue in the management of human beings. For me, it is, again, both an honour and privilege.

Thank you so very much ladies. Marie, Catarina, Celine and Rosa: you're the greatest!

It has been a genuine pleasure!!

Peace, Health, Happiness and much Love.
