Petition
To
The City of Cambridge

In as much as Brookford Street has been a dead end street for at least sixty five years and

In as much as the street is very narrow and many small children live on and play in the street and

In as much as Fawcett oil Company has suddenly and without consulting the neighborhood, removed the foundation wall of a building that existed there was destroyed by fire and has erected a fence with a gate for vehicle entry and appears to be planning access to his property,

(access already being available to him by city funds used to pave Tyler Court)

We the undersigned petition the City of Cambridge to cause a barrier of some kind to be erected at the south end of Brookford Street to assure the residents that it will remain a dead end street permanently.
