

May 17, 1939

Hon. City Council of
City of Cambridge,
City Hall,
Cambridge, Mass.

Gentlemen:

The undersigned subscribers to this petition, all residents near and about the City property located between Standish and Chilton Streets, Cambridge, having suffered much damage, inconvenience and exposure to injury of health, because of the constant recurrence of over-flow of water from the said City property into the basements or cellars of the houses in which we live, do now protest that the said condition, i. e. the accumulation and over-flow of water from the said premises, constitutes a nuisance with probable serious consequences to both health and property, and now, therefore, petition your Board that immediate steps be taken to remedy the said condition and prevent the over-flow from the said City property into the residences in which we live.

Respectfully submitted,

N A M E	A D D R E S S
Mrs Edmund Hill	69 Chilton Street
