To the Honorable, the City Council:

In response to Awaiting Report #23 regarding the condition of the Peabody School Playground and the status of upcoming play equipment replacement, please be advised of the following:

The City's Open Space Inventory rates the Peabody School playground as a "D." The playground is in poor condition and is in need of replacement. Not only does the equipment need to be replaced, but the entire playground area needs to be redesigned.

The Open Space recommendation for capital funding, discussed at the October 23rd Public Service Committee meeting, places the renovation of Peabody School Playground in Fiscal Year 2000. The estimated capital cost is \$200,000. The City will be seeking input on a redesign from the community and the School.

Very truly yours,

Robert W. Healy
City Manager
