To the Honorable Members of Cambridge City Council:

C. LANSING FAIR
Executive Director

116 Norfolk Street, formerly St. Mary's Convent, is now in the tenant selection process. Word-of-mouth referrals have been so successful that over half the building is now occupied. In addition, the hot-meals program and other social services have been active for over a month.

Before advertising in the CAMBRIDGE CHRONICLE as the first formal step in the marketing of the remaining units, we would like the City Council and The Cambridge Housing Authority to be so informed so that any additional word-of-mouth referrals may be made.

Sincerely,

C. Lansing Fair
Executive Director
