To the Honorable, the City Council:

In response to your concerns regarding the "Sound of Jazz" Concert Series sponsored by the Cambridge Public Library, I have been assured by the concert organizers that the concerts should not serve to exacerbate the parking problems in the Central Square area.

As in past years, the jazz concerts will be held on a monthly basis at the Central Square and Main branch libraries. Of the ten concerts in the series, only three or four will be held at the Central Square branch. The concerts will be held on Saturday afternoons from 2-4 p.m. and attendance usually averages between 50-100 people, many of whom walk or utilize public transit.

Very truly yours,

Robert W. Healy
City Manager
