

April 17, 1999

To: City Council Members

Dear Councilors,

Please send a thank you note of appreciation to the Health Department and Mr. John O'Brien for collecting those socks. It was a simple project but very needed. I am sure Mr. Cox was involved in the project, too. I hope you know how fortunate this city is to have Mr. Cox. He is always patient when I call him about problems. He even came to our house a while ago to see about a problem first hand. He is the only city worker that has ever done that. His staff member, Mr. Lipson, was very helpful in answering questions for my mother about some household problems. He was very knowledgeable and very helpful. Sorry to ramble on. I am just grateful to have people like Mr Cox and Mr. Lipson that take good care of the citizens.

Sincerely,

Marvin Murphy

**cc: Margaret Drury,
Mr. Bob Healy**
