CAMBRIDGE MA.

Dear City Council:

On pg. 8 of the Feb. 17 Tab, there are reports of two proposed city laws, one involving fines for not shoveling snow, the other for recycling garbage. I suport both. They are excellent.

In particular, I hope that the snow ordinance enforcement will be made much more thorough for the safety of pedestrians. But it should not only be enforced against homeowners. It should include businesses and churches. Churches are among the worst offenders in my neighborhood. Please be sure that the snow shoveling ordinance is thoroughly enforced against all types of property owners. Citigens on foot. deserve it.

Thank you for your time and attention.
