

City of Cambridge.

In Board of Aldermen, Feb'y 19. 1873

Ordered. The Committee on Roads and Bridges, to which were referred Orders in relation to extension of Walnut Street and cost of filling and grading same, Reports.

That the City Engineer's estimate of "amount of filling required by each of the proposed routes, and cost of same", is as follows. Kent St. route - 8618 yds, costing \$6463.00
Blackstone St. route about 8500 " " 6375.00

The advantages of the former route over the latter are so apparent, in the opinion of your Committee, the adoption of the accompanying order is recommended.

For the Committee,

S. F. Norbury
