

Cambridge November 9. 1870.

To the City Council

The committee to which was referred the petition of F. L. Chapman and others for the removal of the City Scales and Pump from Harvard Square also the petition and remonstrance ~~for the~~ relating to the removal of the Large Elm Tree from the same square, have examined the premises, given the subject careful consideration and report, that the prayer of both petitions should be granted.

The Tree in question is rapidly decaying and could not be expected to live more than a twelve month. its upper branches are already dead and in a heavy wind are liable to fall endangering life. In consideration of the contemplated removal of the Scales and Pump your Committee think the present the proper time for its removal and would recommend the adoption of the accompanying order.

To the Honorable the Mayor and
Board of Alderman of the City of Cambridge.

We the undersigned Citizens of Ward One,
believing the Ancient Elm, now standing in
Harvard Square, to be hopelessly decayed,
and besides being no ornament to the Square,
in cases of severe storms may be a source
of danger, respectfully beg leave to call your
attention to its condition, and urgently request
that it be removed, in connection with the
proposed improvements
