

8/6/86

RECEIVED BY
OFFICE OF CITY CLERK
1986 AUG 13 AM 8:57
CAMBRIDGE MA.

Dear Councilmen,

I am writing to express my interest and concern in adequate controls for animal experimentation. Cambridge is the home of many universities and research facilities where animal experimentation is carried out. I know that abuses exist. I have been made aware that an ordinance will be passed in Cambridge to ensure that a committee, including "impartial" members, reviews standards of treatment in Cambridge and ensures humane treatment. I, and many others, strongly support such an ordinance.

Thank you very much.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrice Berry", with a large, sweeping flourish extending to the right.

Patrice Berry
303 Lowell ST #14
Somerville, MA 02145

Comm. from Patrice Berry of Somerville,
expressing concern for adequate controls
for animal experimentation.

In City Council,

September 8, 1986
