

**CITY OF CAMBRIDGE**  
**INTEROFFICE CORRESPONDENCE**

**To** Honorable Members of the Cambridge City Council    **Date** August 1, 1980

**From** Thomas J. Bagley, President  
Cambridge Water Board    **Reference**

**Subject** Status Report: GTE Laboratories request for easement

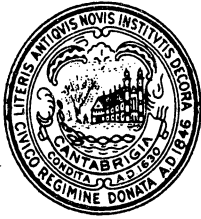

Please be advised of the following actions which have been taken by the Cambridge Water Board since our last discussion on June 30, 1980 relative to a resolution on the aforementioned matter.

- 1) Arrangements have been made through the City Manager to obtain the necessary technical assistance from the Law Department regarding various legal issues concerning this project.
- 2) The Water Board has drafted a statement of conditions which will commence with the construction phase and become part of the general maintenance plan for the management of the facility.
- 3) A meeting with the Town of Weston Conservation Commission and the City of Waltham Planning Department and Conservation Commission has been scheduled for August 7, 1980 with the aim of coordinating agreements and conditions developed by those bodies in our effort to insure full compliance with the provisions of the Massachusetts Wetlands Protection Act.
- 4) The Water Board has met with representatives of GTE Laboratories in an effort to obtain certain detailed preliminary information requested by the City Council, which has been subsequently distributed to you.

The Water Board would be pleased to provide any or all members of the City Council with copies of the draft statement of conditions upon request. We would also hope that you have had the opportunity to personally visit the proposed site for the purpose of considering the merits of the issue.

If this office could be of additional assistance to you regarding this matter, please be assured of our continued cooperation.

cc: James L. Sullivan, City Manager

EXECUTIVE DEPARTMENT  
JAMES L. SULLIVAN  
City Manager

August 4, 1980

To the Honorable, the City Council:

I am enclosing a copy of a communication received from Thomas J. Begley, President of the Cambridge Water Board, supplying the members of the City Council with material prepared by GTE Laboratories which deals with the discussions regarding land presently held by the Cambridge Water Board and located in the City of Waltham.

Very truly yours,

James L. Sullivan  
City Manager
