Subject Firefighters Certification

Please be advised that as per the attached City Council order, I contacted the certification section of the Division of Personnel Administration and was informed that it would be "impossible" to certify only those names that took the firefighters examination in 1977.

I then contacted David Marchand, Director of the Division of Personnel Administration to ascertain whether he had the administrative power to separate a merged list. He informed me that only a change in the Civil Service statute would permit such a separation. He does not have the option or power of separating the list.

He did inform me that he would do all in his power to insure that the certification would be sent to the City prior to November 28, 1979, which is the expiration date of the names from the 1977 exam.
