To: the Transportation Committee
From : Rozann Kraus

In addition to all the other ideas that have been proposed at the various meetings.....

Radio Cambridge

[Just like the Tunnel Traffic news in Boston,]
A radio frequency that lets drivers know that they are now entering Cambridge, where pedestrians always have the right of way.

This frequency setting could override whatever station the car is set to; it could be broadcast at the Harvard Square underpass, and inside the T parking at Alewife, any enclosed parking facility, etc.

Encouragement (the 4th E)

🚲 Lower car excise fees for people who primarily bicycle

🚲 Insurance rebates for **T** riders and cyclists

🚲 Close Memorial Drive every Sunday all year; outdoor activity is an integral part of life at all times.
