Petition of the Cambridge Electric Light Company and the New England Telephone and Telegraph Company of Massachusetts for Joint or Identical Locations for a line of Poles already existing.

To the Honorable, the City Council
of the City of Cambridge:

Respectfully represent the Cambridge Electric Light Company and the New England Telephone and Telegraph Company of Massachusetts, both having locations in certain of the streets of the city, that the Cambridge Electric Light Company has heretofore received a grant of locations for and has erected in said locations a line of poles, with wires and fixtures thereto attached, along and across the public way or ways hereinafter named, and that it is desirable that said line of poles be used for the attachment of the wires and fixtures of both your petitioners.

Wherefore your petitioners pray that joint or identical locations for said existing line of poles may be granted to your petitioners, with the right to maintain wires and fixtures thereon, together with such sustaining or protecting fixtures as the business of each of your petitioners may require, said poles to be maintained substantially in accordance with the plan filed herewith marked #2199 and dated April 22, 1921.

Your petitioners agree to reserve space for one cross-arm at a suitable point upon each of said poles for the telephone, fire and police signal wires owned by the city and used for municipal purposes.

The following are the streets and highways above referred to:

Bird Street, four poles on the westerly side between Belmont Street and Thingvalla Avenue.

IN CITY COUNCIL

April 11, 1922.

Ordered:

~~Notice having been given and a public hearing held, as provided by law,~~ That the Cambridge Electric Light Company is hereby authorized to erect and maintain poles and support wires thereon for the transmission of electricity in the particular locations stated in the streets hereinafter named, subject to all existing and future ordinances of this City in relation to the location of poles and wires in its streets and ways, and also in reference to the granting of licenses and permits.

The height and dimensions of the poles on the various streets shall be satisfactory to the City Electrician, and the number of cross-arms, with the number of pins for wires on each cross-arm, and the height of the same, shall be as approved by him.

The locations herein named are severally indicated upon plan furnished by said company, dated November 22, 1921 numbered 21140 and filed with the City Clerk.

Poles shall be of hard pine, square at the surface of the ground, and planed and chamfered or round chestnut poles, straight smooth-shaven, free from all blemishes, and painted.

The following are the public ways or parts of ways along which the poles above referred to may be erected and the number of poles which may be erected thereon under this grant.
