PUBLIC WORKS DEPARTMENT

Conrad C. Fagone

Commissioner

December 23, 1981

Mr. Robert W. Healy
City Manager
City Hall
Cambridge, MA 02139

Dear Mr. Healy:

Recently I have decided to reassess my professional career in Cambridge and after I have given this much thought, I am satisfied that my professional future needs a change. Therefore, I am notifying you that effective January 30, 1982, I am resigning my position as Commissioner of Public Works.

As I look to the future while writing this letter, I look back over the past $8\frac{1}{2}$ years in Cambridge with joy and satisfaction. While at times it has certainly been turbulent, the City is undoubtedly a better place, which is all that we can demand of ourselves. The reorganization and improvements that took place will last many years. The 25-million-dollars of sewer construction will outlast my lifetime. The improvements made to the public buildings; the public works complex; the East Cambridge Fire Station; the Fletcher and High School complex and the many other major building renovations are projects that I will always look back on with pride.

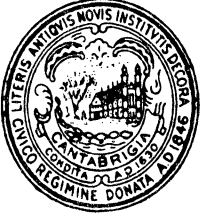

It is for these reasons that I have many emotions about leaving Cambridge, but I feel that staff changes I have made at the Public Works Department and the Water Department will live on long after me. I do feel that my professional future demands a change.

I will extend to you, all possible help to provide an orderly transition at the Public Works Department and I will meet with you to insure this.

Very truly yours,

Conrad C. Fagone
Commissioner

Mr. Conrad C. Fagone
Commissioner of Public Works
147 Hampshire Street
Cambridge, MA 02139

Dear Mr. Fagone:

It is with a deep and sincere sense of regret that I accept your letter of resignation as Cambridge's Commissioner of Public Works. As we have discussed, the City would be most happy if you would reverse your decision and remain with Cambridge.

Your strong sense of pride in your accomplishments has always been illustrated by a level of dedication and hard work which virtually will be impossible to duplicate. Likewise, the many achievements which you presided over in public construction during the last decade are unlikely to be repeated.

The efficiencies, productivity, and job performance that you strove for and achieved will remain an example to others. Truly, your name will long be remembered in the City of Cambridge as a man who worked hard, demanded the most of his employees, and got results.

Recognizing your reasons for embarking on a career change, and realizing that I may not be able to convince you to reverse your decision, I can only wish you the best of health and happiness in your new endeavor.

As a result of your generous offer to assist in an orderly transition, I look forward to spending much time with you and thank you for all your help.

Very truly yours,

Robert W. Healy
