MAYOR REEVES

WHEREAS: We are entering into a technologically advanced period of time in which the nature of communication is constantly changing; and

WHEREAS: This technological advancement represents an explosion of information similar to that of moving from the radio to the television; and

WHEREAS: the City, residents and our schools need to be cognizant of and conversant in the language, technology and methodology of the so-called "information highway"; now therefore be it

RESOLVED: That the City Council commend and congratulate the City Clerk, Margaret Drury; Valerie Roman, Director of MIS and Susan Flannery, Head of the Library Department, for their leadership and efforts to bring such information systems to the city and the public as described in a recent Boston Globe article; and be it further

RESOLVED: That we encourage future efforts by all employees to modernize information systems available to the City and the public.

In City Council April 11, 1994.

Adopted by the affirmative vote of eight members.

Attest:- D. Margaret Drury, City Clerk.

Resolution #9

Whereas, we are entering into a technologically advanced period of time in which the nature of communication is constantly changing;

Whereas, this technological advancement represents an explosion of information similar to that of moving from the radio to the television;

Whereas, the City, residents and our schools need to be cognizant of and conversant in the language, technology and methodology of the so-called "information highway;"

Now therefore, be it resolved that the City Council commend and congratulate the City Clerk, Margaret Drury and the Head of the Library Department, Susan Flannery, for their leadership and efforts to bring such information systems to the city and the public as described in a recent Boston Globe article; and further that we encourage future efforts by all employees to modernize information systems available to the City and the public.
