Dear Sir;

On the night of November 20, I was a guest at the
Harvard Motor House when a fire broke out.

This letter is the only way I know how to express my
admiration to the Cambridge Fire and Police Forces who
performed so well.

The Fire Department was prompt on arrival, efficient
and orderly in the very difficult work they had to do.

The Police Forces were most helpful to all the people.
They informed everyone of each development as they learned
of it. They maintained an air of calmness through the
whole event.

For this service, I wish to thank them.

Sincerely,

Robert P. Johnston
