The Committee has been formed to include representatives from the various neighborhoods in the Study Area, business representatives, institutions, and City staff. Over the coming months this Committee will perform the critical task of working with the Community Development Department and a team of professional planning consultants to address a variety of planning issues, including urban design, open space, land use, zoning, transportation and economic development in the area. The work of the Committee will commence in early May and is expected to continue until the end of June 2001 and will meet at least once a month during this period.

Very truly yours,
