Cambridge, MA 02139

RE: Council Order #6
10 Ware Street

Dear Mr. Healy:

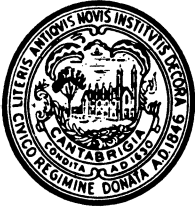

A resident of 16 Ware Street discussed this matter with me in mid August 1985. At that time the resident noted that there had been site inspections by members of the Mass. Department of Public Health and by the Mass. Department of Environmental Quality Division.

Since that time the Mass. Right to Know Act has been involved and appropriate measures taken as described by that Act including the mandated response to the petitioner and to the Mass. Department of Environmental Quality. An inspection of the 10 Ware Street facility was made on 17 September 1985 by Mr. Doherty and myself. Investigation will continue.

Yours sincerely,

Melvin H. Chalfen, M.D.
Commissioner of Health
