Dear Councilor Triantafillou,

"James Cronin Park" is a triangle of land bordered by Western Avenue, Pleasant Street and Franklin Street. Years ago, this triangle contained grass, flowers and a large tree. Within the last 10 years, in a move to "upgrade" this space, all living things were removed, to be replaced by cobblestones and 2 small trees. The trees have since died and the cobblestones are covered in weeds. Last year, a similar triangle on River Street at Kinnaird was planted with flowers and shrubs which are thriving. Why can't we do something similar at the Western Avenue triangle? Please do what you can to help restore this small but very visible space.

Thank you.

Cooperatively yours,

J. Wilson
