JOHN BABCOCK.Boston, March 27th 1871

To the Mayor & Alderman
of the City of Cambridge
Gentlemen

We would
respectfully represent that the
Bridge over the Western Avenue
is unsafe for the passage of teams;
and the draw being hoisted the
Way is also obstructed for the passage
of Foot Passengers.

As tax payers in your City
(and in the town Brighton) we
would, and do, petition your
Hon^{ble} body to have the said
bridge put into safe condition as
a Public highway

I oblige Me very beside (Yours truly)
