of every description,
Executed in the best manner
in light and dark blue
Quincy Granite.

Steam Polishing Works.

West Quincy, Mass. May 24th 1884

John W Daffer Esq
Dear Sir

your letter of the 20th is received and
content noted In reply will say that
a freight of stone is now on the way to
Cambridge. The sloop got to my Wharf
before I had a chance to notify them
to stop but will now do so. although
it will be a loss to me inasmuch as
I have made an agreement to keep
them at work and have made my
arrangements to keep them on this
job I shall have to pay them for doing
nothing until you are ready to receive
more paving which I hope will be very
soon
Yours very truly
F. J. Fuller
