Office of City Council
City of Cambridge
795 Mass Ave.
Cambridge, MA 02139

Dear City Council Members,

On behalf of the more than 570 petitioners, I want to thank you sincerely for making the motion to support the installation of a crosswalk across Mass Ave. and Ellery Street in Cambridge. In addition, I want to thank Susan Clippinger, Director of Traffic and Parking, for coordinating and completing the project. The crosswalk was installed last week and is clearly visible. It should provide a safer environment for high school students walking to Rindge, to clients of Barsamians, and for furniture shoppers and other pedestrians crossing at that point. I feel it is a much safer intersection.

Again, the petitioners and I thank you for your support.

Sincerely,
BEDWORKS, INC.

John Buster
CEO

Consent Communication #7

S-361
