To The Honorable, The City Council:

In response to Awaiting Report Item No. 11, regarding a report on the status of traffic monitoring for the recently installed crosswalk at the Volpe Center, Traffic, Parking & Transportation Director Susan Clippinger reports the following:

At the present time, the Department is repeating the monitoring of the Volpe Center crosswalk to determine the level of observance of vehicles to the new overhead sign that was recently installed. This will give the Department a base line of present compliance. The Department will, within the next month, install an additional wig-wag yellow flashing signal in each direction on the side of the mast arm pole and monitor the compliance of vehicles stopping for pedestrians. The Department will also install an indicator to let the pedestrian know that the lighted sign is on.

Very truly yours,

Robert W. Healy
City Manager
