CAMBRIDGE MA.

September 7, 1989

Alfred E. Vellucci, Mayor
City of Cambridge
Cambridge City Hall
Massachusetts Avenue
Cambridge, Ma.

Dear Mayor Vellucci:

During the recent heavy rainstorm, my business establishment, Waltham Fruit Co., Inc., located at 52 New Street, was flooded. The water level reached three and one-half feet.

With the quick response of Jerry Lucey, Superintendent of the Sewer Department and Engine 8, Garden Street Station, Cambridge Fire Department, the situation was brought under control and a disaster was avoided. I deal in perishables and without their help would have been forced to close my business temporarily.

These men are to be commended for their ability and efficiency in handling emergencies. They are truly an asset to the City of Cambridge.

Very truly yours,

Patrick Pizzuto
Patrick Pizzuto
President

3.

S- 615

Comm. from Patrick Pizzutto, Pres., Waltham Fruit Co., Inc. expressing appreciation to quick response by Jerry Lucey, Supt. of the Sewer Dept. & Engine 8 of the Fire Dept. during the recent heavy rainstorm in which his business establishment at 52 New Street was flooded.

In City Council,

September 18, 1989
