To the Honorable, the City Council of the
City of Cambridge, CAMBRIDGE, MASS.

The undersigned respectfully pray

On the day of Thursday, April 17, at
around 11:30 A.M., I was proceeding on
bicycle along the river on Memorial Drive.

As I reached the intersection I
was forced off the concrete track by
an unaware Jogger. The erosion of
soil connecting the concrete forced my
bike to topple over in which I was
thrown. I was not going at an
uncontrollable speed. The lack of lever-
age was the major factor in this accident.

I was then taken by ambulance to
Mt. Auburn Hospital, where I was treat-
ed and released. Since I do not have
insurance to cover this bill I am
asking the city for some assistance
in this liability.

Sincerely Yours

~~Alfred Stevenson~~
