Dear Councillor Danehy,

In response to the concerns expressed at a recent Council meeting about the artwork by Dmitri Hadzi which is planned for Harvard Square under our Arts On The Line program we are inviting community leaders, representatives of neighborhood organizations in the Harvard Square area, and the general public to meet the artist on Tuesday, October 23 at 5PM at Carpenter Center. Mr. Hadzi will present his model of the work, describe its history, and be available to answer any questions. I hope you can join us on the 23rd.

Sincerely,
