

12/15/90

Dear City Council Members,

I would like to voice my support of curbside recycling pick-up in Cambridge. Recycling should not be reserved only for those who have the time, interest, and means to drive their garbage to a recycling site. It can no longer be an optional or volunteer activity. We have to do better than that.

On a weekly basis, I see stacks of newspapers on the curbs with other garbage, waiting to be taken to dumps - and not being recycled. People in Cambridge should be made aware that paper, bottles, plastics, and aluminum can all be recycled. We need an education campaign, and we need to provide curbside pick-up for the residents of our city. This type of service is being established in communities around the country. Why are we waiting?

Sincerely yours,

Amy Itzkovitz
