Dear City Council Members,

On behalf of the students, staff, and crew who were involved in the Drama Department's summer production of THE WIZ, I would like to express our sincere gratitude to you and Councillor Graham for the resolution commending our work.

This production was the highlight of the year for me, and the opportunity to showcase the tremendous talents of the students who performed was very gratifying. The cast and crew were extremely pleased when I showed them your impressive resolution and, at their request, a copy has been made for each of them to keep. The original is already framed and hung with great pride.

It pleases me to tell you that many of the students from THE WIZ cast will appear on stage again in our December production of ROMEO and JULIET. We hope that you will have the opportunity to see them in this challenging production.

Your support and recognition of our dramatic endeavors is most deeply appreciated. We will continue to strive for quality in our work to be worthy of your generous encouragement.

Very truly yours,

Judith Contrucci
Coordinator
Dramatic Arts
