RE: Premises at 1357 Cambridge Street, Cambridge
Known as Cambridge 5 & 10 or The Buyers Market

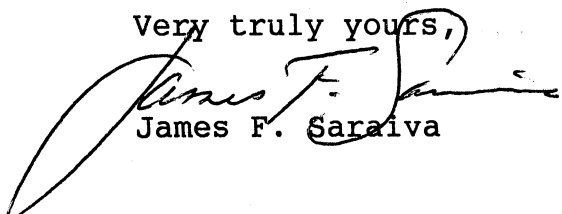

Dear Gentlemen:

I would like to request a permit for the above named premises for use of the sidewalk which runs in the front of my store to display merchandise which I carry in the store on a regular basis as well as "new items" that I may have in stock at the time. This is a very important part of my business to attract and easily display to "passers by" or what I would like to think as "potential customers" what I have in my store on a given day. The nature of my business is to buy and sell close out merchandise. If I am unable to show the public in a simple but effective manner (to have displays in front), I believe that my store will be some other close out buyers next purchase. The walk-in traffic brings the highest percentage of customers in the Buyers Market.

In the past and with your permission in the future, I will display merchandise in the front of my store in a clean and safe manner to insure the well-being of my patrons as well as your citizens. This store has been a part of Inman Square for over 50 years and I hope to keep it going for another 50 years in the same spirit and with your help by granting me the proper permit we will be able to do so.

Thank you for your kind consideration in this matter.

Very truly yours,

James F. Saraiva
