To the Honorable, the City Council of the
City of Cambridge: CAMBRIDGE, MASS.

The undersigned respectfully pray

Whereas

Laws and ordinances are enacted for the public good, with penalties for scofflaws, and the respective ordinances of the City of Cambridge regarding the removal of snow from and the sanding of ice on our City's sidewalks have been generally disregarded and unenforced, despite the threatened imposition of a \$50. fine for non-compliance, now let these ordinances be rescinded in order to remove the stigma of being scofflaws from those responsible for the removal of snow and the sanding of ice regarding the sidewalks in the City of Cambridge.
