Dear City Councillors of Cambridge!

Last summer Peter Fuchs, a member of the local peace movement and the Green Party of Warendorf, took part in the Third Annual Workcamp for World Peace in Cambridge, which was organized by the Cambridge Peace Commission.

After listening to Peter's enthusiastic report about the various social and peace activities of the workcamp we all want to express our feelings of solidarity and gratitude to you.

The Cambridge Peace Commission, and especially Ms. Kathy Hoffman, did an impressive, inspiring and well organized job in making the workcamp a great success!

In Decembre 1987 Peter attended a regional gathering of groups involved in the peace movement in the district of Warendorf. There he reported on his experiences in Cambridge and the idea of the Peace Commission. A discussion ensued and suggestions were made on how to apply these ideas in our work, and of the possibility of setting up similar Peace Commissions in our regions as well!

We hope you will continue to support the Cambridge Peace Commission in its important work reaching out to the World Community!

Sincerely yours

Knut Vöcking
(spokesman "DIE GRÜNEN" Warendorf)
