To The Honorable, The City Council:

This memo is sent in response to Awaiting Report Item No. 38, which deals with the on-going study of the City's delivery of fire protection and suppression services. Please be advised that during the fall, I hope to be able to present to the City Council my recommendations regarding the various options that the study is expected to present.

As the City Council is aware the Steering Committee that is working with the Consultants on the study has set ambitious criteria that calls for the improvement of City wide response capability. I expect that the Council will discuss in full and in public both my recommendations as well as the other options.

Very truly yours,

Robert W. Healy
City Manager
