

Dear Mr. Healy,

Just a short note to bring a few facts about Sennott Park as it is now. If you have ever seen it on a Monday morning or a day after a holiday it would be the fairest way to judge what actually goes on in this park. None of the children of this neighborhood dare to play or ride in the park so it means the streets and back alleys for them.

My children have all grown up and enjoyed this particular park in its former state, but as I said in this partition it would be such a joy to once more have it a park and not have people refer to it as a fortress or a jungle.

I know I said a short note so I'll close with this one more paragraph.

2.
A recent issue of our Camb. Chronicle
stated that the Park dept. is thinking
of "beautifying" some of our City Parks
I hope it means benches, trees and
grass - not pebbles, iron bars for
foundation and bricks cement etc etc.
You could check police records
and hospital records for children
even checking on these peoples -

Sincerely Mrs. Wm. Robbins
213 Harvard St.

ATTENTION: CITY CLERK, *Mr. Paul Healy*
CAMBRIDGE CITY HALL:

We the people of Cambridge, especially those in the Broadway, Norfolk and Harvard Street area, would like to have former SENNOTT PARK restored to a park and leveled off so people of all ages, young and old alike, could once more be able to enjoy the pleasant surroundings. We would like to be able to walk and rest in the shade, watch children at play without the fear of being molested, or at least be able to see into and across the park.

Please give this serious consideration as this park has become a breeding place for crimes of all sorts.

The cost of remodeling was tremendous and to have created such a monstrosity is a disgrace to the city!

With Spring and Summer close at hand wouldn't it be a pleasant surprise to all??
