To the Cambridge City Council,
as a homeowner and resident of Cambridge for
the past eight years, I am writing you in
support of a permanent recycling program in
Cambridge. I grew up in California and I
remember well recycling everything - from
tin cans to newspapers in the mid-'70's.
I am absolutely appalled that Massachusetts
is still so far behind, when it makes
environmental and economic sense to recycle.
At first I thought it must have been the
Reagan budget cuts, but then I heard about
other communities throughout the United States
that have wonderful recycling programs. It
must be a question of priorities.
I go to the recycling drop off program now, but
one day a month is totally inadequate. I
urge you to push for the permanent program
with all your heart.

Sincerely,
Beata D. Panagopoulos
