Dear Ms. Drury:

As Cambridge resident, I am disturbed (and have been for some time) that cable service is a monopoly of AT&T Broadband whose rates have increased precipitously in the last few years.

I know that RCN is available in neighboring communities; and would like to know whether the City has been in negotiating with them to provide service and much needed competition to AT&T.

I look forward to hearing from you with an explanation of the situation that is a concern of many other residents I have spoken to, and thank you.

Yours sincerely,

Leonard H. Wisse
